Grand Ledge, MI 48837  
(517) 627-2121  
(517) 627-1400 Fax

March 3rd, 2010

To Whom It May Concern:

We contacted PCS for a new phone system because the phone system we had for many, many years finally had a complete failure.

We had heard good things about PCS and they turned out to be true. They were very responsive to our situation, didn't try to take advantage of our situation because we were totally without a phone system and thus charge us high prices. PCS not only gave us the most competitive price, but got our business back up and running "affordably" within the same week.

We also added call reporting because PCS made it affordable.

Feel free to call on us as a reference.
