To whom it may concern:

Ann Allison of PCS stopped in to see if we needed any assistance with our AVAYA telephone system. As timing would have it we did need help with setting the date & time on our telephone system, and when calling others for service we were quoted several hundred dollars to make this simple change.

With PCS we were able to subscribe to their very affordable yearly service plan which covered making these changes as many times as needed throughout the year, and we saved a great deal of money. Ann is very professional and enjoyable to work with and everyone we have met at PCS seems very committed to taking care of their customers.

We subscribed to PCS's fax-to-email program that was also very affordable, saving time and paper - only printing the fax's we need and not the ones that can be just read and deleted. We are confident PCS will serve Charlotte area businesses with the same care.

Sincerely,

Ann M. Garvey
